

Great Day! Scheduled Tour Summary

ARK ENCOUNTER & CREATION MUSEUM TUE-WED JUNE 11-12, 2024

Departures, as applic: Mayfield, Beachwood/Orange, Independence, No.Olmsted, Middleburg Hts, Mansfield, Grove City.

This tour travels to two of our more popular destinations, the Ark Encounter and the Creation Museum, both in Kentucky.

Noah loaded his family and many of the world's animals into an Ark that he constructed. While it remained afloat throughout the flood, no one has ever discovered the "original Ark". We will, however, be going aboard a new version being built in a similar fashion and to the same dimensions reported in the Bible.

We will not be traveling to the Mountains of Ararat nor to Sumeria, but we will see the Ark much closer in Kentucky. The Ark is a massive 510-foot long wooden structure, being constructed at a cost considerably more than what Noah spent, \$92 million. In an article in the newspaper following our initial tour, the Ark was described as an "*attraction of Biblical proportions*". You will be seeing the progress being made on the Ark as you tour, seeing how Noah, his family and the animals may have lived.

At the Creation Museum, Biblical history comes to life as you walk through the Garden of Eden, talk with an animatronic Noah and see the flood diorama. Did you know that dinosaurs were thought to have existed during the time of Noah as dinosaur fossils can still be found from that global Flood?
