## Sunday October 8, 2017: The port of Newport, Rhode Island

**Arrive: 7:00 am**      **Depart: 5:00 pm**

In the 19th century, Newport was America's Versailles. At the height of its splendor, a Newport season was a giddy whirl of grand fetes, yacht races and elaborate beach picnics for assorted Vanderbilts, Astors and Morgans. Today, it is the privileged traveler who marvels at the splendor of great mansions like The Breakers, The Elms, or Rosecliff.

**Arrive: 11:00 am**      **Depart: 8:00 pm**

Hailed as the Cradle of American Independence, Boston has been described as the "Athens of America". Today this city of 800,000 retains its vitality, combining historic districts with revitalized urban centers while remaining faithful to its venerable roots. Follow the Freedom Trail along three of the most historic miles in the country. See the site of the Boston Tea Party, trace the route of Paul Revere's famous ride and stand on the bridge where Minutemen fired "the shot heard 'round the world."

## Tuesday October 10, 2017: The port of Bar Harbor, Maine

**Arrive: 7:00 am**      **Depart: 7:00 pm**

Standing atop Cadillac Mountain in Acadia National Park, it is easy to see why individuals like John D. Rockefeller felt so strongly about preserving this area's natural beauty. Established by individual donations, Acadia National Park is a stunning intersection of sea-scoured shores, towering cliffs and forested mountains. The wealthy flocked to Bar Harbor at the turn of the century, building Newport-style "cottages" that turned the quaint New England town into a fashionable summer resort.

Arrive: 7:00 am Depart: 4:00 pm

Saint John, Canada's oldest settlement, is the gateway to the scenic wonders of New Brunswick. One of Canada's oldest provinces, New Brunswick remains remarkably unspoiled: 85 percent of the province remains unsettled. New Brunswick boasts vast forests, purling streams, gentle hills, rich farmlands and a spectacular coastline dotted by historic towns. Nature also blessed the area with one of her most astonishing phenomena: the reversing River Rapids. The fierce tides of the Bay of Fundy rise with such force that they actually cause the Saint John River to reverse direction and its waters to flow upstream.
