The actors actually ask a passenger to "volunteer" to be their victim. The show is more of a comedy versus a drama and the best way to describe the experience is that it is much like being in the front row at a comedy club, where some of your group members are likely to be involved in the show

Scheduled Tour, September 18, 2017 for smaller groups, an alternate date you may want to consider since the railroad has a "40-passenger minimum"

ORIGINAL JACKSON HISTORIC PRISON TOUR

The first building to house prisoners in 1838 was a wooden fort that held the first 35 prisoners. The escape of ten inmates hastened the building of a genuine brick and mortar penitentiary. By 1882, Michigan's First State Prison (1838-1934) was the largest walled prison in the world. Within its walls, the factories and surrounding farms, manned by cheap inmate labor, turned Jackson into one of the leading industrial cities in the nation. The prison, originally planned for 800 prisoners grew to house over 2,000 inmates and necessitated a larger, more modern prison a few miles north. The old prison closed in 1934. On the Original Jackson Historic Prison tour, enjoy lively, interactive stories of inmates past and present, prison lore and more. Walk inside the massive walls as bygone prisoners, guards, and wardens come alive with tales of corruption, mayhem, punishments and relief. Lunch is included during the tour.
