

Great Day! Scheduled Tour Summary

CREATION MUSEUM & ARK ENCOUNTER TUE-WED JUNE 18-19, 2019

Departures, as applicable, from Willoughby, Beachwood, Independence, North Olmsted, Middleburg Heights, Medina, Mansfield, Columbus, Grove City, Washington CH.

This year we are offering a tour that includes one of our more popular destinations added in 2016 plus a second associated attraction built by the same dedicated folks, the Creation Museum in Petersburg, Kentucky. We have, of course, continued to include the Ark Encounter where Noah's Ark is being built. He loaded his family and many of the world's animals into an Ark that remained afloat throughout the flood and during the receding waters. While no one has ever discovered the "original Ark", we will be seeing a new version being built in a similar fashion.

Work in Process, 2015

We will not be traveling to the Mountains of Ararat nor to Sumeria, but we will see it much closer in Williamstown, Kentucky, less than an hour south of Cincinnati. The Ark is a massive wooden structure . . . with the indication that the cost of building this 510-foot long vessel was considerably more than Noah spent, \$92 million. It is being built using the original dimensions. In an article in the Plain Dealer a month following our tour, the Ark was described as an "attraction of biblical proportions". You will be seeing the progress being made on what will be the largest wooden timber structure in the world as well as how Noah and his family may have lived. Besides breakfast at the Holiday Inn, we will be dining at the Ark's Emzara's Buffet and, for dinner, the Deutschland Fare Dinner at the Newport Hofbrauhaus.

During the past two years we have taken almost as many groups to the Creation Museum in Petersburg, Kentucky, not too far from the Ark, where biblical history vividly comes to life at this world-class museum. As you walk through the exhibits, you'll encounter the Garden of Eden, an animatronic Noah and flood dioramas.
