

Great Day! Scheduled Tour Summary

THE HUDSON VALLEY – GREAT ESTATES & GRAND EXPERIENCES WITH ELEGANT CULINARY EXPERIENCE SUN-THUR JUNE 7-11, 2020

Departure locations, if applicable, include Elyria, North Olmsted, Middleburg Heights, Independence, Beachwood, Boston Heights.

There are many ways to describe this destination in New York State and we most like *“Charming hamlets, historic sites and a vibrant food-and-drink scene make the Hudson Valley both scenic and relaxing”*. Like so many places, Indians were the original inhabitants. In 1497 John Cabot claimed this area for England and, a little over a hundred years later, the Dutch East India Company financed English navigator Henry Hudson to the region, sailing his ship up the gorgeous river that was eventually named after him. Later, after figuring out that he had not reached the sought-after Northwest Passage (nor that it even existed), he claimed the territory as the first Dutch settlement in North America,

Let’s look at the *“hamlets and historic sites”*, We will be starting out at the Roosevelt National Historic Site. The President’s words show his great affection for this region of New York State when he declared *“All that is within me cries out to go back to my home on the Hudson River”*.

The first U.S. Presidential Library was created by FDR so we will be visiting both that Library & Museum. We will be learning about the only President elected to four terms and touring Eleanor Roosevelt’s home, *“Val-Kill”*, the only National Historic Site dedicated to a First Lady. We will be seeing the Roosevelt’s place of worship, St. James Church in Hyde Park and making a stop at mealtime at Eveready Diner, where the couple spent so much time the restaurant has a room named *“Delano”*, after his middle name. We will also be taking an afternoon Hudson River Cruise.

We will be touring West Point Military Academy where we will see how they follow through on their mission to educate and train these young men and women for a career as an officer in the United States Army. West Point requires a manifest of visitors so **when making your reservation whether by phone or online: provide your name (as it appears on your state issued photo I.D.), type of I.D. – identification card, driver’s license or passport, date of birth and gender.**

THE U.S. MILITARY ACADEMY AT WEST POINT

THE PREEMINENT LEADER DEVELOPMENT INSTITUTION

With a different “*piece of history*” our next stop will be at the Steamtown National Historic Site, a museum with steam locomotives, passenger cars and a 1932 roundhouse with an operating turntable. Some of the structures were built in the late 19th and early 20th century and are sure to bring back memories of the “*steam train era*”.

We mentioned the attention to food in this region and here where you will see the “*class of the Hudson Valley*” during our touring. Many of the chefs who love food train at The Culinary Institute of America. They learn, and practice, those tasks that will prepare them to lead in the kitchen, becoming professionals in their field.

Seeing it is not enough, in our minds, and that is why we’ve included an unbelievable chef-prepared dinner, the likes you may have never seen before in this casually elegant restaurant. It sets the stage for an unparalleled dining experience in New York’s Hudson Valley, and during this tour. Bon Appetit!
