

Great Day! Scheduled Tour Summary

IT'S SHEAR MADNESS, WITH A CRUISE, DINNER-SHOW, AN ASTRONAUT, AND A PRESIDENTIAL HOME **FRI-SAT AUG 16-17, 2024**

Departures, as applic: Beachwood, Independence, No.Olmsted, Middleburg Hts, Medina, Mansfield.

This new tour has “plenty for everyone”, undoubtedly leading to your question, “Just what has the Great Day! tour staff included in this package” . . . which is more than a fair question.

- Neil Armstrong was one of our early space pioneers, and this museum in Wapakoneta honors the legacy that recognizes Ohio's aeronautical history and state's contribution to aviation and space exploration. It is also a tribute to Astronaut Neil Armstrong whose "one small step for a man" was indeed a "giant leap for mankind."
- From Astronaut to President, this tour also includes another famous Ohioan, Warren G. Harding as well as his home and memorial in Marion. This large home, now a National Historic Site, was built in 1890 and served as the residence of our 29th President and wife, Florence. Afterwards, we will be touring the Memorial, built of white marble, suggestive of a Greek temple, with 46 Doric columns. As you will hear, there was to be 48 columns, one for each state, but money reportedly fell short of meeting this goal.
- We will be arriving at the dock to board the dining-cruise along the banks of the beautiful Ohio River; by now, you may have figured out the connection, an Ohio President, an Ohio Astronaut and a river that also bears our State name.
- While we still have another stop along the way, you may be asking about why we brought up the title “Shear Madness”. The answer is easy since, on Friday evening we will be dining and then enjoying one of the opening nights of the performance of the same name. Listed in the Guinness Book of World Records, it is the longest running play in the history of the USA, with over 14 million people having seen it.
