

Great Day! Scheduled Tour Summary

YOUR CHOICE AT THE HENRY FORD . . . MUSEUM OR VILLAGE

SAT AUG 6, 2022

Departures, as applicable, from Mayfield, Beachwood, Independence, Middleburg Heights, North Olmsted, Elyria, Sandusky.

The Henry Ford, in suburban Dearborn is known as the Henry Ford Museum and Greenfield Village. Named after its founder and industrialist Henry Ford, it has become a “National Treasure”. For the tenth year we have managed to keep the price especially attractive . . . so that you can more easily invite at least one friend, or family member, to travel with you. Both the Museum and the Village have undergone major renovations in recent years.

The Museum preserves history of the Industrial Revolution including cars, trucks, locomotives and various exhibits and Americana. Exhibits even include President Kennedy’s Inaugural limousine and the chair Abraham Lincoln was sitting in at Ford’s Theatre. Greenfield Village is the largest indoor-outdoor museum in the country. Over a hundred historic buildings were moved here and arranged in the village setting.

Upon our arrival, you will be receiving admission tickets to your pre-selected location, i.e. The Henry Ford Museum or Greenfield Village . . . just let us know when you sign up.

Additional displays at Greenfield Village typically include a 1927 Plymouth gasoline-mechanical locomotive, an 1897 Baldwin Works steam locomotive, a 1902 American Locomotive Company steam engine and an 1873 Torch Lake steam locomotive. These operating engines are serviced at the Detroit, Toledo & Milwaukee Roundhouse, the only working roundhouse of its kind in the Midwest.

GREAT DAY! TOURS & CHARTER BUS SERVICE . . . (440) 526-5350 . . . (800) 362-4905

All tour details are anticipated at the time that the Scheduled Tour Brochure was prepared and specific stops and/or other inclusions are subject to change or elimination without notice. This tour typically departs between 6:00 AM and 7:30 AM with the exact time shown on the itinerary you will receive approximately one to two weeks prior to the tour departure. Tour typically returns about 7:30 PM to 9:00 PM, although this may vary.

In the Museum, you will be seeing many interesting and, in some cases, unique locomotives as well as street cars and trains. We generally find that visitors are captivated with one of the largest steam locomotives ever built. Designed for the Chesapeake & Ohio Railway in 1941, the Allegheny locomotive is 125-feet long and weighs an incredible 771,000 pounds. Putting its strength into perspective, it could pull 160 coal cars, each loaded with 60 tons, through the steep grades of the Allegheny Mountains.

You will also have a chance to see the model train layout and Depot Town.

But, please, do not think that The Henry Ford has only trains. There are many, many permanent and “traveling” displays. Of course, the Museum is packed with antique cars and trucks. In the Village, you will have a chance to ride in a Model T or in a train; an additional charge may apply. Experience, in the Village, the sights and sounds of America’s growth, with over 80 acres brimming with 300 years of American ingenuity and drive, serving as a living reminder that anything is possible. Step foot in the lab where Thomas Edison had his “lightbulb moment” or the workshop where the Wright brothers taught us to reach for the sky. Take a ride in a real Model T, or a walk through four working farms. Rub shoulders with world-class artisans and explore the place of America’s “can-do spirit”.

There are any number of dining locations and, in the Museum, you can even purchase a hotdog lunch from a spot near the Oscar Mayer Weinermobile. There is even a replica of one of the original McDonald’s restaurants in the Museum.

\$124 per person

(Still most competitively priced for the 10th year)

**We accept all major credit cards and checks or stop into our office.
Tours can now be booked online, 24 hours a day with a credit card.**
