

Great Day! Scheduled Tour Summary

MYSTERY RAIL EXCURSION TO BLISSFIELD

THUR SEPT 15, 2022

Departures, as applicable, from Willoughby-Mayfield, Beachwood, Independence, Middleburg Heights, North Olmsted, Elyria, Sandusky.

This Rail Excursion is a dining experience aboard a train that offers what is proclaimed as “fine dining” along the way as we travel through the Michigan countryside. Passengers will be served a plated meal right at your table in the traditional rail dining style, four to a table. Join us as we travel along the tracks of the Adrian &

Blissfield Rail Road. It is, however, more than just a train ride and a great meal.

The train will be traveling along a segment of the original Erie & Kalamazoo Railroad Line that began operations in 1836, making this one of the very first railroads west of the Allegheny Mountains. Along the way you will travel through the rich farmland of Southeastern Michigan which is thought to have been, in prehistoric times, the bottom of an ancient lake that we now call Lake Erie.

We've taken a cue from several passengers and added some time after the train returns to the station to visit the Blissfield Downtown Historic District, an area that is in the National Register of Historic Places; some of the buildings date back to 1875; these structures are now home to shops and merchants.

But, back to the train . . . Over the years various entertainment has been included, most recently with passengers being entertained by a troupe of actors performing an interactive murder mystery with the passengers. That show is more of a comedy than a drama and was designed with adults in mind as it takes place through the dining cars. Passengers were amidst the intrigue, excitement, music and laughter; a cash bar is available.
