

# Great Day! Scheduled Tour Summary

**SIGHTS UNSEEN IN CLEVELAND**

**WED APRIL 19, 2023**

**Departures, as applic: Parma/Cleve.West, Middleburg Hs, Independence, Mayfield, Beachwood/Orange.**

Through the years, we have discovered that only a few people know about the many Cleveland attractions or, if they do, it may have been many years since they last saw them. After all, things do change!

You will be visiting the Hay-McKinney Mansion, built in 1911 for Clara Hay, the daughter of the railroad magnate, Amasa Stone, and the wife of John Hay. This home replaced the original house that had been constructed along Millionaire's Row on Euclid Avenue. We will also be seeing "where Cleveland starts" at a museum that chronicles the cars and trucks that were built right here in Northern Ohio. Up until 1931, more than 80 different automobiles were being manufactured here.

Since the city was home to several amusement parks, you will have a chance to go back in time with a ride or two on the historic Euclid Beach Amusement Park's Grand Carousel.

After our luncheon, we've included admissions to the Cleveland Botanical Gardens, the first place of its type in the country. Located in University Circle, it traces its roots back to 1930 when it opened as the Garden Center.

Our next visit will be at the centerpiece of University Circle, the Cleveland Museum of Art. We will be greeted by The Thinker, the bronze structure by August Rodin. If you have not been here in years, you will not recognize the Museum with all of its changes.

his sightseeing tour of the Cleveland area will have you seeing many of the highlights of the city of Cleveland, both new and historic. It will be showing you sights, including an outdoor chandelier with 4200 crystals, reminiscent of the beautiful lights seen inside the theater lobbies, and telling interesting stories from the comfort of your motorcoach seat. A lot has changed since 1796 when General Moses Cleaveland founded the city near the mouth of the Cuyahoga River . . . and we would like to show you some of those changes.
