

# Great Day! Scheduled Tour Summary

## LEISURELY LAKE & RIVER CRUISE

**THUR JUNE 15, 2023**

Departures, as applicable, from Beachwood/Orange, Mayfield, No.Olmsted, Middleburg Hts, Independence.

Enjoy today's early-afternoon cruise aboard the beautiful Goodtime III, one of the largest ships on the Great Lakes. Our annual cruise, from the Port of Cleveland, is a great way to welcome the warm rays of the sun as the Captain narrates the sights and tells the history of both waterways that you will be seeing . . . at same price as 2022!

We will be enjoying the breezes on Lake Erie which, incidentally, is the fourth largest of the Great Lakes, yet the shallowest.

This large vessel will be cruising the Cleveland area portion of Lake Erie, a lake which stretches from Toledo to Buffalo and northward to the Canadian Province of Ontario. The majority of the water eventually making its way to Niagara Falls.

We will also be traveling up the Cuyahoga River that carries most of its water into the lake. Over the years, the clean-up efforts have been quite successful in providing much cleaner water. Created as the glaciers moved through this area, the river is almost 100 miles long. For those not aware of it, "Cuyahoga" is derived from the Indian word for "crooked river" and flows through the Cuyahoga Valley National Park, with a depth that ranges from just three to six feet. It is where Moses Cleaveland landed to survey what is now the City of Cleveland.

This tour also includes lunch and a visit to the International Women's Air & Space Museum. This popular destination works "to preserve the history of women in aviation and space and to document their continuing contributions today and in the future".

**\$144 per person**  
**Same price again this year**
