

Great Day! Scheduled Tour Summary

CANAL BOAT & DRAFT HORSES ON THE OHIO & ERIE CANAL

FRI JUNE 16, 2023

Departure locations, if applic: Parma/Cleve.West, Middleburg Hts, Independence, Beachwood/Orange, Macedonia.

We will be traveling to a restored Ohio & Erie Canal town in Coshocton County, located within the Appalachian region and originally named Caldersburgh after its founder, James Calder. The idea of connecting the Ohio River to Lake Erie by a waterway was first discussed by George Washington but it was not until 1825 that the approval was given to fund construction. Not only did the Ohio & Erie

Canal connect Lake Erie with the Ohio River near Portsmouth, it also met up with other canal systems that permitted a water route into Pennsylvania. When completed in 1832, the Ohio & Erie Canal travelled 308 miles through 146 lift locks.

Eventually to take on the name “Roscoe”, this town became a major port for wheat transfers along the canal system. Today, much of what made it such a success has been restored with shops of the time; even the restaurant, a blacksmith shop and what was known as “Lock 27” greet you, just as it met freight traffic until the period of the American Civil War. Even when the railroads came into this area, the canal continued to supply water for many years.

We will be dining at the Steak N’ Stein Warehouse Restaurant in one of the historic buildings in Downtown Roscoe Village. We will have plenty of time to tour the restored shops and buildings, talking with the docents and seeing a video that chronicles the town.

As the afternoon warms up even more, we will board a horse-drawn canal boat that still plies the waters of the canal system. A pair of horses will be effortlessly pulling the boat along the smooth water, in a way so similar to the mode-of-transportation years ago.

\$148 per person

**We accept all major credit cards and checks or stop into our office.
Tours can now be booked online, 24 hours a day with a credit card.**
