

Great Day! Scheduled Tour Summary

TWO FAVORITES -- HOUSE ON THE ROCK & THE WISCONSIN DELLS TUE-FRI JUNE 20-23, 2023

Departures, as applic: **Beachwood/Orange, Independence, Parma/Cleve.West, Middleburg Hts, Elyria, Sandusky.**

This tour features two of the most popular Wisconsin destinations. Enjoy both the attractions in Wisconsin Dells and The House on the Rock in Spring Green. Making the tour even more leisurely, each of our nights in the Dells will be at the Fairfield Inn by Marriott, close-by the various attractions we will be visiting, the Upper Dells, the Lower Dells and the House on the Rock, with fascinating meal inclusions and a live show that the Dells is known for.

- The Dells is gorgeous and its river and lake are located in a glacially formed gorge lined with impressive sandstone formations along the banks of the Wisconsin River. We will be cruising The Upper Dells enjoying not only its scenery, history and legend, but also experiencing the natural beauty, wonder and mystery of the region! We will be seeing towering cliffs and dramatic rock formations as we cruise along.
- 
- No visit to The Dells would be complete without a tour aboard the Wisconsin Ducks. A favorite since being introduced over 75 years ago, the Ducks travel along land and sand bars as well as into the water of the Lower Dells.
- 
- In Baraboo, we have included a morning at Circus World. Tracing its roots back to the time that the Ringling Bros. Circus made this its home base from 1884 to 1918, there are circus acts still performed here as well as many colorful wagons, costumes and other displays of the heyday of circuses.
 - One evening which sets this expanded tour from most other, will be the dinner-show at The Palace Theater in the Dells. While this year's performance has yet to be announced, our group last year saw *"Ring of Fire, the Johnny Cash Story"*.

GREAT DAY! TOURS & CHARTER BUS SERVICE . . . (440) 526-5350 . . . (800) 362-4905

All tour details are anticipated at the time that the Scheduled Tour Brochure was prepared and specific stops and/or other inclusions are subject to change or elimination without notice. Tours typically depart between 5:15 AM and 7:15 AM with the exact time shown on the itinerary you will receive approximately one to two weeks prior to the tour departure. Most tours return about 9 PM to 10 PM, although this may vary.

- After a day of touring, we are sure to get hungry and your Driver and Tour Director have arranged a most interesting stop where we will be greeted by a giant Paul Bunyan Statue and another of “Babe the Blue Ox” at Paul Bunyan’s Cook Shanty, a local tradition for over 65 years. We will be served dinner in the Log Dining Room, with the feeling of being transported to an 1890s logging camp.

Now, for the second part of this tour, and possibly turning out to be your favorite portion of our travels, will be the time we spend at the House on the Rock. It began in the 1940s as a private retreat and has grown to become what has been termed a “*majestic work-in-progress*”. Since that original structure, it has evolved to include displays and collections of the exotic, the unusual and the amazing, including double-deck carousels, instruments that play themselves and “streets of yesteryear”. We have admissions to each of the three buildings that will fill your day with unbelievable exhibits, many of them animated, to keep you entertained and amazed . . . which is why we do not have enough space to list all of the fascinating exhibits in the complex, here are some options to consider:

- Enjoy the World’s Largest Indoor Carousel; it is unbelievable with 269 animals, 20,000 lights and 183 chandeliers!!! (See above photo, on left)
- The Infinity Room extends out 218 feet over the scenic valley with over 3000 panes
- There are various displays where the musical instruments actually play themselves.
- Walk through historic city streets where you will be seeing shops and other period displays that just might bring back some memories, or create new ones. (See above.)
- The Nautical Room displays over 200 model ships, a Titanic Exhibit and a 200-foot tall sea creature that is as long as the Statue of Liberty is tall.
- Stroll through the Japanese Gardens with its 14-foot waterfalls.
- . . . and that is just a few of the many displays that have captivated our staff, and many of our passengers, over the years.
