

Great Day! Scheduled Tour Summary

A DAY IN WESTERN NEW YORK STATE

THURS JULY 13, 2023

Departures, as applic: Cleveland-West/Parma, Middleburg Hts, Independence, Beachwood/Orange, Mayfield, Ashtabula.

During the early 1800s, a harbor was constructed at the western end of the Erie Canal near Buffalo, during the time when much transportation of goods was by canal boats. With as much commerce that passed through her, the area took on the name “*America’s Gateway to the West*”. Canal boats connected with the railroad trains that permitted shipping products between the Atlantic seaboard and the Great Lakes, eventually making it one of the largest inland ports in the nation. Like being experienced in so many regions, train service continued to expand with trucks also coming onto the scene, eliminating the continued use of the original harbor. Jumping ahead to the 21st century, work began on reclaiming the harbor area, making the waterfront a much-visited part of the city, offering all types of activities

including an occasional concert.

This area now has many mixed-use buildings, a hotel, offices and restaurants. We will be dining not too far from one of the two Navy ships that tower high in the 64

After lunch, we will board our river tour boat for its History Sightseeing Cruise. We will be cruising along the waterway that made Buffalo one of the richest cities in the world, while you view the magnificent structures that drove its growth. Hear the stories of Buffalo’s “*scoopers*”, residents and immigrants, who worked the docks and mills, feeding the nation and the city’s Gilded economy.

\$164 per person
