

Great Day! Scheduled Tour Summary

HUNTSVILLE & CHATTANOOGA

TUE -SUN AUG 1 – 6, 2023

Departures, as applic: Beachwood/Orange, Independence, Parma/Cleve.West, Middleburg Hts, Mansfield, Grove City.

Huntsville is also known as “*Rocket City*” due to its close ties with the country’s space missions and its being home to the U.S. Space & Rocket Center. In the past, however, it was the first English-speaking city in Alabama and it did suffer as a result of the American Civil War.

Needless to say, we will be visiting the Rocket Center and other interesting locations including the Huntsville Botanical Gardens and Ava Maria Grotto with its intricate miniature villages. Our other visits, intermixed with some great regional dining, will include an elegant estate that once belonged to an eclectic doctor with his original mansion from the 19th century located in a woodland setting. Again, this is just the start of the inclusions and will be detailed further when our reps return from this area. Please watch our website to see any additional inclusions or changes that will be announced.

From Huntsville, we will travel eastward about 90 minutes to Chattanooga, just across the Tennessee River from Georgia. The city, like Huntsville, was most important during the American Civil War, primarily due to the number of railroad trains that came through here each day. These same railroads drove the growth of

industry following the war, fueling the success of the area. We are planning on including a river cruise, a train excursion, an incline passenger rail service, two museums (including a car museum during the trip) and other unique activities.

Pricing will be on our website as details and pricing are finalized.
