

# Great Day! Scheduled Tour Summary

## GETTING IN THE MOOD FOR SPRINGTIME – BLOOMS & BUTTERFLIES AND ADMISSIONS TO THE TITANIC EXHIBIT THUR MARCH 21, 2024

Departure locations, if applic: Beachwood/Orange, Independence, No.Olmsted, Middleburg Hts, Mansfield.

Visitors are almost always impressed with the vibrant colors of the stunning glass artwork by Dale Chihuly, the same renowned artist whose Café we highlight during our annual tours of the Frederik Meijer Gardens in Grand Rapids, Michigan. There, dozens of individual blown-glass pieces, span the ceiling in a spectrum of colors. Today we will be seeing the permanent Chihuly collection, created by the master who began experimenting with glassblowing and eventually was awarded a Louis Comfort Tiffany Foundation grant for his work. He later traveled to Venice to learn the detailed intricacies of blowing glass.

Getting ready for Springtime, the exhibits will include the Blooms & Butterflies Exhibition. Their Pacific Island Water Garden will have hundreds of tropical butterflies in free flight, and lots of butterfly nectar flowering plants to feed the butterflies (things like jatropha, pentas and lantana). You will also be able to visit the Himalayan Mountain, Tropical Rainforest, Desert and Pacific Island biomes.

After lunch, which we have included, we will be traveling the short distance to the **“Titanic Exhibit”** at the Center of Science & Industry. During our visit, you will be experiencing the wonder and tragedy of the world's most famous oceanliner, the **Titanic**. Viewed by more than 25 million people worldwide, the Exhibition is one of the highest attended in history.

More than 350 artifacts recovered from the wreck site of *Titanic* are on display in this exhibition along with full-scale room re-creations.
