

Great Day! Scheduled Tour Summary

AGE OF STEAM, HEYDAY OF THE RAILROADS

THUR JUNE 19, 2025

Departures, as applic; Elyria, No.Olmsted, Middleburg Hts, Independence, Beachwood/Orange, Macedonia.

This tour appeals to both history buffs and rail fans. We will be traveling about two hours south to the new Age of Steam Roundhouse & Train Museum in Ohio's Swiss Countryside where almost two dozen American and Canadian steam & diesel locomotives are on display.

Restoration work continues, on a daily basis, to preserve these locomotives, railroad cars and other artifacts of the early days of the railroads. Making it even more informative, we will be guided through the 18-stall roundhouse, surrounding a 115-foot turntable. It's the first full-sized, working roundhouse built in the country since 1951.

Our destination has been described as a “**living testament to the golden era of railroading**”. The tour also includes a luncheon, shopping for candy, a bakery and an Amish Marketplace.

\$144 per person

**We accept all major credit cards and checks, or stop into our office.
Tours can now be booked online, 24 hours a day with a credit card.**
